

# MANSONIA

*Mansonia Altissima*

Mansonia is imported from tropical areas of Africa ranging in color from yellowish to grayish brown. It is very durable in regards to decay and rot resistance. It is also resistant to termites and insect attacks. Mansonia is easy to work with both hand and machine tools. It is commonly used for veneers, cabinetry, furniture, boat-building, and turned objects.

## **Appearance & Grain**

*Yellowish to Grayish Brown, Lightens with Exposure to Sun.  
Straight Grain, Fine to Medium and Uniform Texture.*
